Education

MIT World Peace University Master of Computer Applications	2025 – Present
IEM Kolkata Bachelor of Computer Applications	2021 – 2024 CGPA: 8.54
St. Joseph School Class X (CBSE)	2019 73%

Experience

OctaNet Services

Web Development Intern

- Developed responsive web interfaces using HTML, CSS, and JavaScript.
- Improved UI/UX and optimized frontend performance for better user experience.

Oasis Infobyte

Java Intern

- Built Java-based applications and strengthened core OOP and problem-solving skills.

Projects

EventFlow – Role-Based Event Management System (Java Full Stack) GitHub

- Developed a full-stack event management system using Java, Servlets, JSP, MySQL, and MVC architecture.
- Implemented role-based access, session authentication, and real-time notifications.
- Built AI-based event scoring, risk prediction, and volunteer allocation features.

Used Car Price Prediction (Machine Learning) GitHub

- Developed an ML model using ExtraTreesRegressor for car price prediction.
- Applied preprocessing, feature engineering, and feature selection.

MindfulAI – Mental Wellness Assistant (AI Project) Live

- Built an AI-powered assistant using Python and Streamlit with LLM integration.
- Designed an interactive UI and deployed for real-time usage.

Technical Skills

Languages: Java, Python, SQL

Full Stack: HTML, CSS, React.js, JSP, Servlets, REST APIs

Machine Learning: Regression Models, Data Preprocessing, Model Evaluation

Databases: MySQL

Tools: Git, GitHub, VS Code, Maven

OS: Linux, Windows

Achievements

- Solved 100+ problems on coding platforms, strengthening data structures and algorithms.
- Completed MERN Stack Industrial Training from Euphoria genX.
- Selected for Wipro Integrated Learning Program (WILP).
